Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

FIRE ACTIVITY

Erskine, Vegetation Fire, Lake Isabella, Kern County

Recovery

Initial Damage Estimates and Preliminary Damage Information:

- Kern County Building, Environmental Health and Sheriff's Office representatives conducted an assessment in Squirrel Valley and South Lake. Public Health teams assessed properties affected by the fire for debris management and initial hazards; and are in the process of reviewing water systems in the area. Building Inspection teams assess safety of the structures and placed a colored tag on each structure: Red means do not enter or occupy structure; Yellow means restricted access, and specific instructions are written on the tag; and Green means lawful occupancy permitted and that no apparent structural hazard has been found.
- Cal OES Public Assistance has deployed two Disaster Assistance Programs Specialists to the Kern County EOC to coordinate hazardous materials debris operations.

Debris and Hazardous Waste Management

- Cal Recycle standing by for situational awareness and possible tasking for debris removal and are in contact with local authorities concerning landfill capacity.
- Kern County authorities will decide whether to use the public health declaration to allow DTSC in to remove the hazardous materials or if signed access agreements will be required from each property owner first (likely to delay work 2-3 weeks). DTSC is in a holding pattern until the decision is made.

Local Assistance Center (LAC)

- Kern County has confirmed the opening of a Local Assistance Center on Friday, 7/1/16 from 1200 hours until 1800 hours at the Woodrow Wallace Middle School, 3240 Erskine Creek Road, Lake Isabella, CA.
- The hours of operations are as follows:
 - Monday – Friday 0900 to 1800 hours
 - Saturday and Sunday 0900 to 1600 hours
- The LAC will operate through Sunday, 7/10/16. The county plans to assess survivor participation to determine whether the LAC will be extended beyond 7/10/16.
- The following agencies are being asked to participate:
 - Representatives from the State: Governor's Office of Emergency Services, Contractors State License Board, Department of Motor Vehicles, Department of Insurance, Employment Development Department, Department of Public Health-Vital Records
 - Representatives from non-profit Organizations: Kern Chapter American Red Cross, Buddhist Tzu Chi Foundation, California Southern Baptist Convention, Four Square Disaster Relief, HOPE Animal Assisted Crisis Response, Kern County Sheriff's Department Volunteers, Mennonite Disaster Services and United Policyholders
 - Representatives of the County of Kern include: Aging & Adult Services, Assessor-Recorder, Building Inspection Division, Elections, Mental Health System of Care, Planning & Natural Resources, and Public Health Services
- LAC support – MIGU 5 has been deployed to the location of the LAC. Cal OES staff are on scene.

- Red Flag Warning in effect from 1000hours Sunday through 0600 hours on Monday morning for portions of Los Angeles, Santa Barbara and Ventura County

Active Weather Warnings, Watches and Advisories by County:

http://www.wrh.noaa.gov/sto/brief/wwa_bc_cal.php

WEATHER SYNOPSIS BY REGION

NORTHERN CALIFORNIA

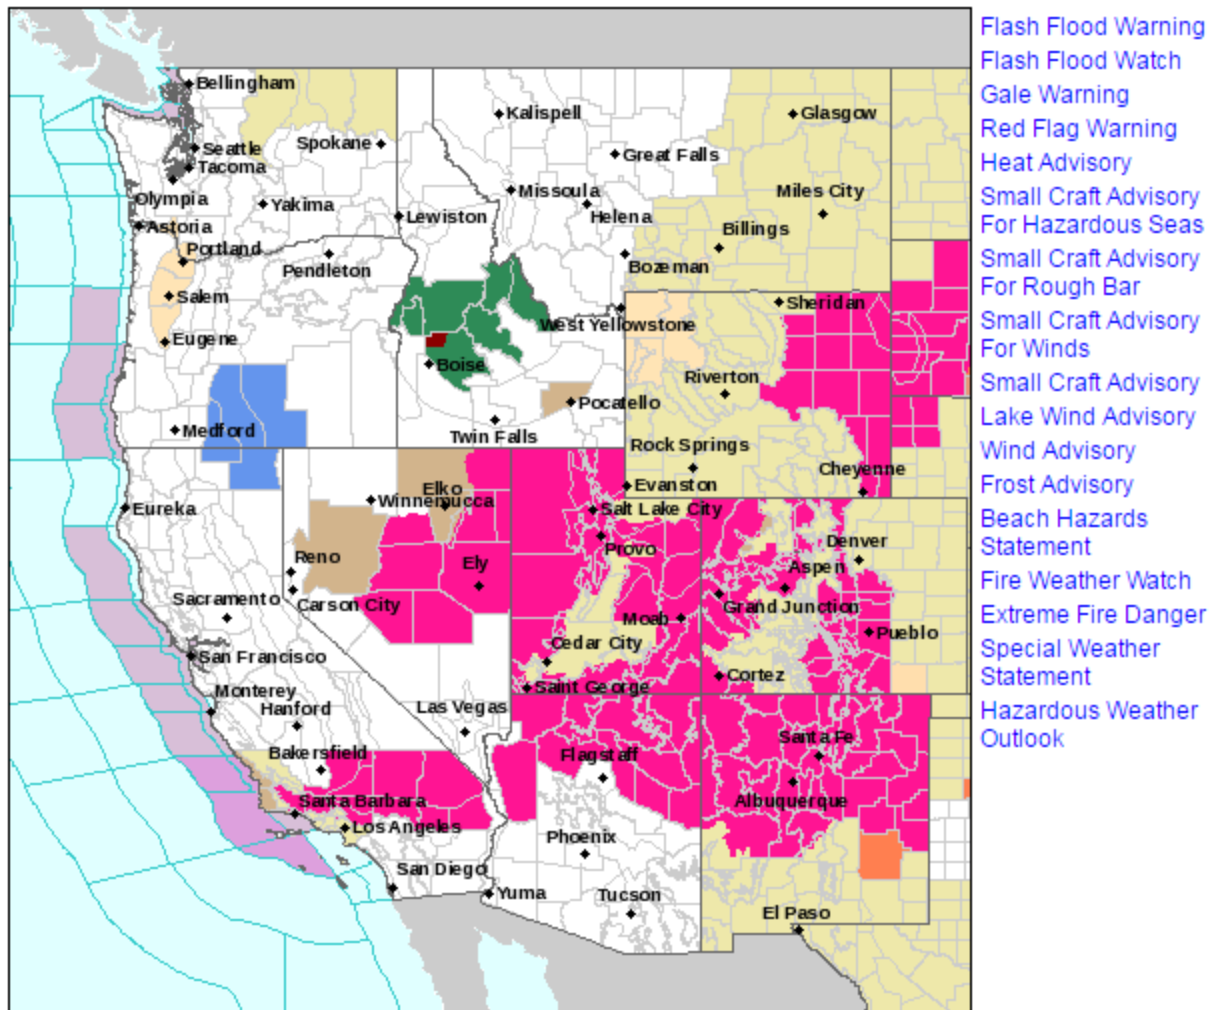

Low pressure will move east across Oregon today. A few showers are still possible in Northern California, mainly near the Oregon state line. Gusty south to west winds will shift to west to northwest this afternoon, and northerly tonight. Northwest gusts may reach 35-40 mph in southwest Shasta County, Western Tehama County, and Glenn County this afternoon. Even though the RH will likely remain above 20% in these areas, there is a heavy load of cured fine fuels in these areas which elevates this wind event to a High Risk for Significant Fire Development. Southwest to northwest gusts will reach 30 mph in many other areas this afternoon. Northerly winds in and around the Sacramento Valley tonight will gust to 25-30 mph in wind-prone areas, and diminish by midday on Monday. Temperatures across the region will be as much as 10 degrees below normal today. High pressure will set up over the Desert Southwest and southern California early in the week and remain in place for several days, producing a gradual warming and drying trend throughout Northern California. Temperatures will return back to normal by Wednesday. Occasional night and morning north to northeast downslope surface winds will enhance the warm and dry conditions in the Sacramento Valley and nearby foothills. The high will weaken beginning Friday as a low pressure trough begins to develop overhead.

SOUTHERN CALIFORNIA

A trough over the Pacific Northwest will generate gusty winds today and tonight across much of the area. Early this morning, northwest winds are beginning to pick up across Santa Barbara County. Expect winds to increase to 15-25 mph with gusts to 50 mph by late morning before expanding into northern Los Angeles County. Elsewhere, west winds of 20-30 mph with gusts to 50 mph will continue throughout the day in the Kern County Mountains, and adjacent areas of the Antelope Valley as well as the north sides of the Angeles and San Bernardino National Forests. Minimum RH will drop to around 10% in all of these windy areas. Winds in the Sierras and adjacent areas of the Inyo National Forest will be weaker today with speeds generally in the 15-25 mph with gusts to 35 mph. Onshore flow may allow temperatures to drop a couple of degrees with highs reaching the 70s at the coast to the upper 80s in the valleys. Winds will continue tonight before gradually decreasing around noon Monday. After the winds ease Monday afternoon, a quiet weather pattern will set up for most of the week as high pressure slides back into the area. Temperatures will climb each day, and by Thursday, highs will be near 100 in the valleys and lower foothills. Winds will remain light through Friday. Another trough should bring a return of cooler, onshore flow next weekend. It may turn breezy in the deserts next weekend, but overall, winds will be much weaker through the extended period. No storms are expected during the next 7 days.
